Architecture & Engineering Leader | AI-Augmented Development Advocate | Team Builder & Technical Mentor

Professional Summary

Engineering leader with 18+ years of experience building web platforms and leading high-performing development teams across agency, ecommerce, and enterprise environments. Focused on the practical integration of AI-assisted development workflows while maintaining strong human oversight and technical judgment.

Core Competencies

Engineering Leadership • Distributed Team Management • Frontend Architecture • AI-Augmented Development • Technical Mentorship • Accessibility (ADA / WCAG) • CI/CD Workflows • Cross-Functional Collaboration • Developer Experience & Process Improvement • Responsive Web Development • Agile Delivery • Client-Facing Technical Leadership

Technologies

JavaScript • TypeScript • React • HTML • CSS/SCSS • Git • CMS Platforms • Development Build Tools (Webpack, Gulp, Grunt) • Azure DevOps • Visual Studio Code • AI Developer Tooling (ChatGPT, Copilot, Claude) • Microsoft Office • Google Workspace

Professional Experience

Adage Technologies – Chicago, Illinois

Engineering Manager (Official Title: Frontend Developer Manager) | Aug 2017 – May 2026

- Led distributed engineering teams across the United States and Latin America supporting multiple concurrent client engagements.
- Managed and mentored developers while collaborating closely with Quality Assurance, Strategy & Design, Project Management, and Client Stakeholders.
- Modernized engineering processes through CI/CD improvements, peer review standards, branching strategies, and delivery workflow enhancements.
- Guided frontend architecture decisions and development standards across ecommerce, CMS, and custom digital platform implementations.

- Championed practical AI adoption within engineering workflows through evaluation and implementation of tools including ChatGPT, Microsoft Copilot, and Claude Code.
- Supported developer onboarding, productivity, documentation, and collaboration initiatives through AI-assisted workflows and process improvements.
- Advocated for accessibility, maintainability, performance, and scalable frontend development best practices across projects and teams.
- Provided technical leadership and mentorship focused on developer growth, team collaboration, and long-term engineering success.

ROCCommerce.com – Naperville, Illinois

Director of Front-end Development | Dec 2014 – Jul 2017

- Led frontend development strategy and framework architecture for a modern ecommerce platform supporting B2B and B2C storefronts.
- Established reusable frontend accelerators, standards, and workflows to improve consistency and scalability across implementations.
- Managed remote frontend development contributors while coordinating delivery priorities and technical direction.
- Created and maintained style guides, documentation, and frontend best practices used across teams and client implementations.
- Collaborated with engineering leadership to define platform UI standards and Angular-based administrative experiences.

AmericanEagle.com – Des Plaines, Illinois

Director of Front-end Development | Mar 2012 – Dec 2014

- Led frontend development strategy and standards across multiple departments and client initiatives.
- Managed and mentored frontend developers while helping scale team capabilities and development processes.
- Directed implementation of responsive frontend frameworks and modern web development standards across projects.
- Collaborated with developers, designers, and project teams to improve usability, maintainability, and delivery consistency.

AmericanEagle.com – Park Ridge, Illinois

Lead Front-end Developer – Ecommerce | Aug 2007 – Mar 2012

- Developed reusable ecommerce frontend components, templates, and standards for scalable client implementations.
- Standardized JavaScript and AJAX development practices to improve user experience and frontend maintainability.

- Collaborated closely with programmers and designers to deliver accessible, SEO-friendly, and standards-compliant web experiences.
- Provided onboarding, mentorship, and technical guidance for new and existing developers.

Education

Illinois Institute of Art – Schaumburg

Bachelor of Fine Arts in Interactive Media Design (Web Design & Development)
